Subject: FW: Used Oil Container proposed EHC increase in Manitoba

Regarding the Used Oil Container proposed EHC increase in Manitoba, please see e-mail below and note that we still do not have a decision from the Minister of Conservation in Manitoba.

This e-mail will serve to advise that if approved sometime in August and with the 90 day Notice requirement as per the Membership Agreement, we would make the commencement date effective December 1, 2010.

We will keep you posted as developments unfold.

Hi Ron,

Thanks for your patience with this. The matter is still under review, but we are hoping to have it addressed next week when the minister is back in the office. Either I or Rod will give you a call to let you know the outcome.

Regards,

Laurie/Rod...with month end now upon us we are required to direct a Notice to the 160 MARRC Members to update them on the status of the proposal for increasing the EHC on used oil containers.

Would appreciate if you could provide for us some wording that we can pass on to the Members regarding the status of the proposal.

Regards
Ron
